Career Objective

Detail-oriented and motivated BCA student with strong academic performance and hands-on experience through internships. Passionate about building practical solutions using **programming skills**, **web development**, and **database management**. Seeking a position in a growth-oriented organization to enhance my problem-solving capabilities and contribute meaningfully to projects.

Academic Background

- **BCA (2023–2026)** – Reva University, Bangalore (CGPA: 9.01 till 3rd Semester)
- **PUC (2019–2021)** – APRJC Banavasi for Girls, Kurnool District, Andhra Pradesh (97%)
- **10th (2019)** – Target EM High School, Tadipatri, Andhra Pradesh (9.8 GPA)

Technical Skills

- **Programming:** C, Java, Python (Basic)
- **Web Development:** HTML, CSS, JavaScript
- **Database:** SQL

Projects

1. Stock Price Prediction (Python)

Company: Codec Technologies

Developed a AI learning model using Python (Pandas, Scikit-learn) to analyze stock data and predict future prices using regression techniques.

2. Rule-Based Chatbot (Python)

Company: Codec Technologies

Created a simple chatbot using conditional statements to respond to user queries with predefined logic.

3. Student Grade Tracker (C Language)

Company: Pinnacle Labs

Built a console-based system to input scores, calculate averages, and generate report cards using file handling and loops.

4. ATM Simulator (C Language)

Company: Pinnacle Labs

Simulated basic ATM functions such as balance inquiry, withdrawal, and deposit using structured programming.

Certifications

- **SQL Data Analytics** – Scholiverse Edcare Pvt. Ltd.
- **Database Fundamentals and Applications** – Giga Skills Technologies Pvt. Ltd.
